

Spring Garden Kneeler

Crochet pattern - US terms - version 0.1.0

At a glance

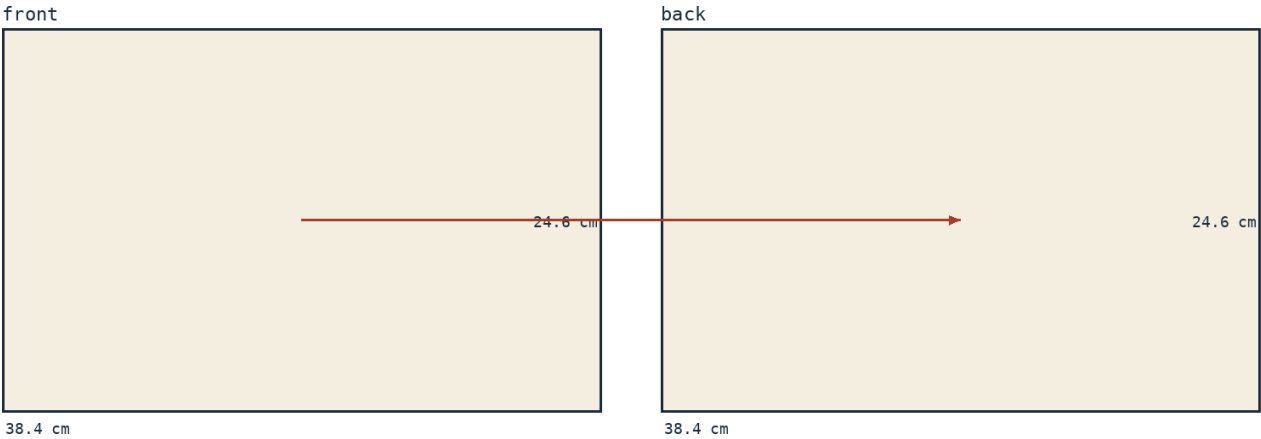

FINISHED SIZE	38 x 25 cm at the stated gauge (computed, not yet measured on a worked sample)
DIFFICULTY	confident beginner
CONSTRUCTION	flat rows
GAUGE	12.5 sts x 13.8 rows = 10 cm in sc
HOOK	5 mm
COLOURS	gold, pine
RELEASED	2026-10-07

How this pattern was made: the design was developed with AI assistance and every stitch count in it was verified by an automated pattern compiler before release, row by row. The charts in this document are generated directly from the same verified data as the written instructions, so the two cannot disagree.

Schematic

Every piece as worked, to scale, with the joins that make it one object. Measurements are computed from the stated gauge.

Schematic: Spring Garden Kneeler

join front.perimeter to back.perimeter: 126.0 cm (sound)

Materials

PINE	worsted acrylic (worsted), colourway pine
GOLD	worsted acrylic (worsted), colourway gold
POLYESTER FIBREFILL	polyester fibrefill (None)
HOOK	5 mm, or whatever hook gets you the gauge below
TAPESTRY NEEDLE	blunt, with an eye big enough for your yarn, for weaving in the ends
BLOCKING PINS AND A SURFACE	for pinning the piece out damp to the finished measurements

How much yarn

GOLD	about 20-30 m (22-32 yd)
PINE	about 42-63 m (46-69 yd)

These quantities are estimates with a +/-20% range, not measurements. Yarn consumption genuinely varies with yarn, hook and tension, so buy a little more than the top of the range if your dye lot matters to you.

Gauge, and why it matters here

Work a swatch before you start. The finished size above is computed from the gauge above; if your gauge differs, your finished piece will differ by the same proportion. The stitch counts in this pattern are correct at any gauge -- only the measurements change.

SWATCH ROW GAUGE	13.8 rows = 10 cm in sc
THIS FABRIC	about 11 rows = 10 cm

Those two numbers are both right and they are not the same number. The swatch gauge is measured over plain sc; this pattern is worked in taller stitches as well, so its rows stack up faster. Check your stitches across against the swatch gauge, and check your rows against the measurements in 'Checking your progress' below, which are the fabric's own.

Checking your progress

At these rows the piece should measure roughly this much. If it does not, the difference is gauge, and it is easier to fix now than at row 62.

ROW 1 OF 62	48 stitches across, about 1 cm of fabric made
ROW 15 OF 62	48 stitches across, about 13 cm of fabric made
ROW 31 OF 62	48 stitches across, about 12 cm of fabric made
ROW 46 OF 62	48 stitches across, about 18 cm of fabric made
ROW 62 OF 62	48 stitches across, about 25 cm of fabric made

Substituting the yarn

Gauge decides this, not the name on the band. Any of these can be worked to this fabric: light (also called dk), medium (also called worsted). Swatch and change hook until your gauge matches -- the gauge is what makes the finished size come out.

IF YOU USE LIGHT about 89 m in total (1-1 x 100g balls); the finished piece will be lighter and more open

Those metres are this pattern's own estimate plus 15%. Buying exactly enough is how a project ends one row short in a dye lot that has gone. Changing fibre as well -- cotton for acrylic, say -- changes how much yarn each stitch takes by an amount that has to be measured on a swatch, not read off a table.

Abbreviations

This pattern is written in US terms. Every abbreviation it uses is below; nothing in the instructions is left to be looked up elsewhere.

ch	chain
dc	double crochet
sc	single crochet

How to read a row

[...] x 4	work everything inside the brackets, in order, four times in a row
(120 sts)	the stitch count that row should end on. Count it: this is the number every later row depends on
st / sts	stitch / stitches
turn	turn the work to start the next row from the other end
Foundation	the starting chain the first row is worked into

How it goes together

This is made as 2 pieces, worked in the order below: front (flat rows); back (flat rows).

Join 1: whipstitch the front's perimeter edge to the back's perimeter edge, at row 1 of the back, stuffing before you close it.

Row 5 (pine): Ch 1, turn. sc in next 48 sts. (48 sts)

Row 6 (pine): Ch 1, turn. sc in next 48 sts. (48 sts)

Repeat rows 3-6 7 more times, ending with row 34. (8 repeats of the 4-row block in total.)

Assembly

Step 1: Whipstitch the front to the back across rows 1-34. Stuff firmly before closing. Place the panels wrong sides together and whipstitch around three sides; stuff firmly with polyester fibrefill, then close the fourth side.

Finishing

Fasten off and weave in all ends on the wrong side. Thread each end through at least 5 cm of stitches, then back through a few in the opposite direction, so it cannot work loose in wear or washing.

This pattern uses 2 colours, so there is an end to secure at every join and every change.

front: Colour changes: all 4 changes fall at the same side edge, where the colour not in use is resting, so carry it loosely up that edge rather than cutting it. Ends to weave in: about 4.

Block the finished piece to 38 x 25 cm: pin it out damp to those measurements, easing rather than stretching, and leave it to dry flat. Those are the dimensions this pattern's gauge produces, so blocking to them is what makes the stated size the size you get.

Check the ball band before blocking with heat or water. Fibres behave differently and yours is the one in your hands.

Chart

This chart shows 12 of the 48 stitches across: the pattern repeats every 12 stitches, so work the chart 4 times across the row. It shows one repeat, 28 rows tall. Work it once up the piece. The full piece is 48 stitches by 28 rows. The chart is generated from the same verified data as the written instructions, so the two cannot disagree. Read odd rows right to left and even rows left to right.

Terms and support

What you may do with this pattern

- for the buyer's own use, and to teach from in a class where each participant has their own copy
- finished items may be sold by individual makers and small businesses, not manufactured at scale
- the pattern file, its charts and its photographs may not be shared, resold, uploaded or included in another publication
- questions are answered through the shop the pattern was bought from, against the exact version that was bought
- corrections and revisions are free forever, and buyers are told when the version they own changes

These are the terms Brambleloop offers; they have not yet been through legal review.

If anything in this pattern does not add up, tell us through the shop you bought it from and we will fix the pattern itself, not just answer your question. Every report is checked against the compiler that validated this release.

What support covers: the size this pattern states, worked in medium weight yarn at the stated gauge, with the stitches, colour order and construction as written. Outside support: a different yarn weight or gauge, resizing to a size not listed, changing the stitch pattern, the construction or the number of pieces, and adding or removing shaping. We will explain how the pattern works, but we cannot check numbers this release did not validate.
