

Heart Row Tea Cosy

Crochet pattern - US terms - version 0.1.0

At a glance

FINISHED SIZE	19.8 cm across, 11.1 cm tall at the stated gauge (computed, not yet measured on a worked sample)
DIFFICULTY	confident beginner
CONSTRUCTION	joined rounds
GAUGE	14.5 sts x 16.0 rows = 10 cm in sc
HOOK	5 mm
COLOURS	cream, wine
RELEASED	2026-10-07

How this pattern was made: the design was developed with AI assistance and every stitch count in it was verified by an automated pattern compiler before release, row by row. The charts in this document are generated directly from the same verified data as the written instructions, so the two cannot disagree.

Materials

CREAM	dk wool (dk), colourway cream
WINE	dk wool (dk), colourway wine
HOOK	5 mm, or whatever hook gets you the gauge below
TAPESTRY NEEDLE	blunt, with an eye big enough for your yarn, for weaving in the ends
STITCH HOLDER OR	for the stitches set aside and worked later
WASTE YARN	

How much yarn

CREAM	about 56-85 m (62-93 yd)
WINE	about 19-29 m (21-32 yd)

These quantities are estimates with a +/-20% range, not measurements. Yarn consumption genuinely varies with yarn, hook and tension, so buy a little more than the top of the range if your dye lot matters to you.

Gauge, and why it matters here

Work a swatch before you start. The finished size above is computed from the gauge above; if your gauge differs, your finished piece will differ by the same proportion. The stitch counts in this pattern are correct at any gauge -- only the measurements change.

SWATCH ROW GAUGE	16.0 rows = 10 cm in sc
THIS FABRIC	about 13 rows = 10 cm

Those two numbers are both right and they are not the same number. The swatch gauge is measured over plain sc; this pattern is worked in taller stitches as well, so its rows stack up faster. Check your stitches across against the swatch gauge, and check your rows against the measurements in 'Checking your progress' below, which are the fabric's own.

Checking your progress

At these rows the piece should measure roughly this much. If it does not, the difference is gauge, and it is easier to fix now than at row 55.

ROW 1 OF 55	6 stitches across, about 0 cm of fabric made
ROW 13 OF 55	78 stitches across, about 3 cm of fabric made
ROW 27 OF 55	90 stitches across, about 5 cm of fabric made
ROW 41 OF 55	45 stitches across, about 8 cm of fabric made
ROW 55 OF 55	45 stitches across, about 11 cm of fabric made

Substituting the yarn

Gauge decides this, not the name on the band. Any of these can be worked to this fabric: light (also called dk). Swatch and change hook until your gauge matches -- the gauge is what makes the finished size come out.

Those metres are this pattern's own estimate plus 15%. Buying exactly enough is how a project ends one row short in a dye lot that has gone. Changing fibre as well -- cotton for acrylic, say -- changes how much yarn each stitch takes by an amount that has to be measured on a swatch, not read off a table.

Abbreviations

This pattern is written in US terms. Every abbreviation it uses is below; nothing in the instructions is left to be looked up elsewhere.

ch	chain
dc	double crochet
inc	single crochet increase
sc	single crochet
sl st	slip stitch

How to read a row

[...] x 4	work everything inside the brackets, in order, four times in a row
(120 sts)	the stitch count that row should end on. Count it: this is the number every later row depends on
st / sts	stitch / stitches
turn	turn the work to start the next row from the other end
magic ring	an adjustable loop of yarn worked into and then pulled tight, so the round closes with no hole at the centre
Rnd	round -- worked around the piece rather than in turned rows. How each round is started and finished is stated once, at the top of the instructions

How it goes together

This is made as 3 pieces, worked in the order below: cosy (joined rounds); front (flat rows, continued from the front); back (flat rows, continued from the back).

The cosy sets 45 stitches aside at row 29 (front); they are picked up again later.

The cosy sets 45 stitches aside at row 29 (back); they are picked up again later.

Finishing

Fasten off and weave in all ends on the wrong side. Thread each end through at least 5 cm of stitches, then back through a few in the opposite direction, so it cannot work loose in wear or washing.

This pattern uses 2 colours, so there is an end to secure at every join and every change.

cosy: Colour changes: all 10 changes fall at the join, where the colour not in use is resting, so carry it loosely up the inside of the join rather than cutting it. Ends to weave in: about 4.

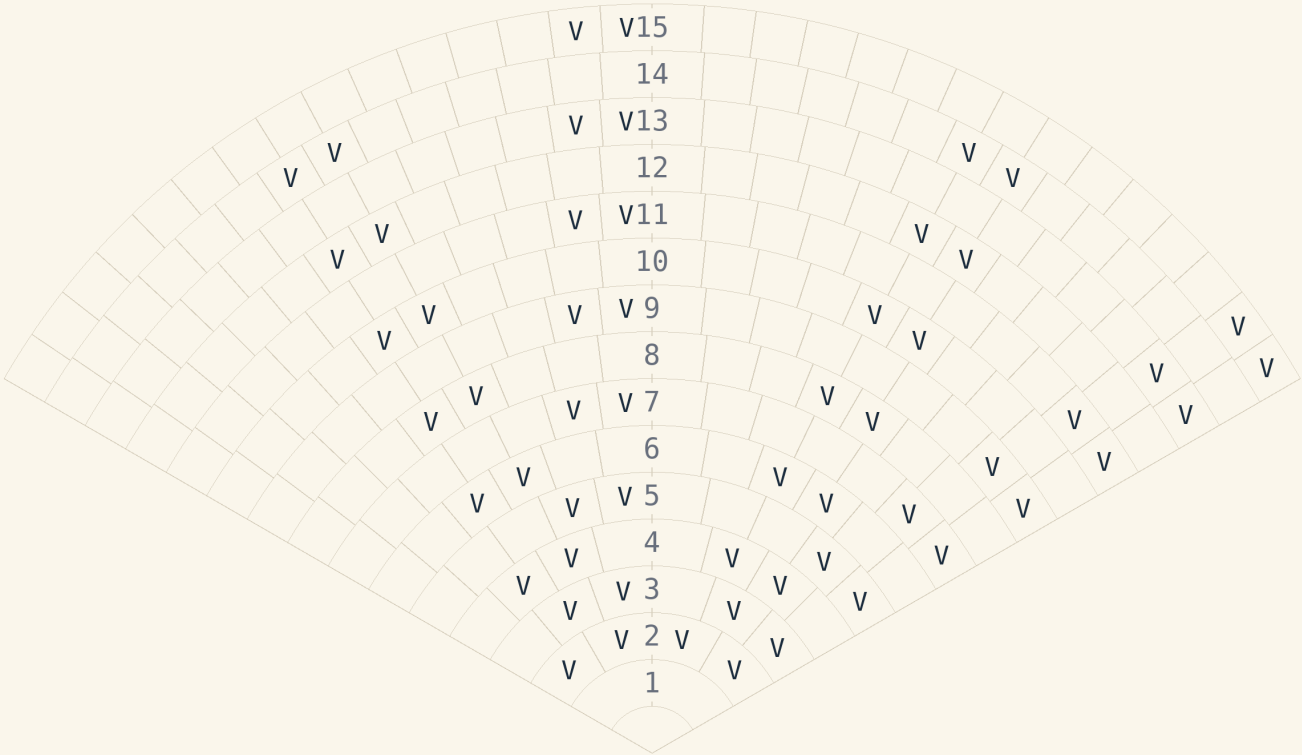

Do not block this piece flat. It is worked in the round and pressing it out would crease the wall: damp-finish it standing up, easing it to the stated measurements with your hands and letting it dry in its own shape, stuffed lightly with a towel if it needs help standing.

Check the ball band before blocking with heat or water. Fibres behave differently and yours is the one in your hands.

Chart

This piece is worked in the round, so the chart is drawn as rounds: round 1 at the centre, each ring outward one round. The 3 wedges of every round are identical, so the chart shows one of them: count the wedges in a ring and multiply by 3 to get the stitch count in the written line for that round, because both come from the same verified data. It shows rounds 1 to 15, which are the rounds that shape the piece. Rounds 16 to 29 are then worked straight at 90 stitches with no increases. Drawing them would add 14 identical rings and shrink every ring in this chart, so the chart stops at round 15. They are worked in cream except rounds 18 and 20 and 22 and 24 and 26 in wine, and the written instructions give the colour of every round. V marks an increase.

Heart Row Tea Cosy - cosy

Round 1 is the centre. Every round is worked in the same direction. V marks an increase. This is one of the 3 identical wedges of each round: multiply a ring's wedge count by 3 for that round's stitch count.

STITCH KEY

F	dc	double crochet	(UK treble crochet)
V	inc	single crochet increase	(UK double crochet increase)
x	sc	single crochet	(UK double crochet)

COLOUR KEY

A	A	cream	#FAF6EB
B	B	wine	#6E1F2A

Each round number on the chart carries its yarn's letter, where that whole round is worked in one colour, so the chart can be read without relying on colour.

Chart symbols

A round chart marks where the stitch count changes rather than every stitch, so these are the marks it carries. Every other stitch in the round is the plain stitch the written line names.

V inc single crochet increase

The same key is drawn in the image above, and every stitch in it is also defined under Abbreviations, earlier in this document.

Colours

Every round this chart shows is worked in one colour, so no number on it carries a colour letter. The written instructions name the yarn for every row and round in the pattern.

If anything in this pattern does not add up, tell us through the shop you bought it from and we will fix the pattern itself, not just answer your question. Every report is checked against the compiler that validated this release.

What support covers: the size this pattern states, worked in light weight yarn at the stated gauge, with the stitches, colour order and construction as written. Outside support: a different yarn weight or gauge, resizing to a size not listed, changing the stitch pattern, the construction or the number of pieces, and adding or removing shaping. We will explain how the pattern works, but we cannot check numbers this release did not validate.
