Crochet pattern - US terms - version 0.1.0

At a glance

FINISHED SIZE	47 x 167 cm at the stated gauge (computed, not yet measured on a worked sample)
DIFFICULTY	intermediate
CONSTRUCTION	flat rows
GAUGE	12.5 sts x 13.8 rows = 10 cm in sc
HOOK	5 mm
COLOURS	cream, forest
RELEASED	2026-10-19

How this pattern was made: this design was created with AI assistance, and every row's stitch count was checked before release. The charts in this document are drawn from the same pattern as the written instructions, so the two agree.

Materials

FOREST	worsted wool (worsted), colourway forest
CREAM	worsted wool (worsted), colourway cream
HOOK	5 mm, or whatever hook gets you the gauge below
TAPESTRY NEEDLE	blunt, with an eye big enough for your yarn, for weaving in the ends
BLOCKING PINS AND A SURFACE	for pinning the piece out damp to the finished measurements
CABLE NEEDLE	or a short double-pointed needle, to hold the crossing stitches

How much yarn

CREAM	about 19-28 m (21-31 yd)
FOREST	about 477-716 m (522-783 yd)

These quantities are estimates with a +/-20% range, not measurements. Yarn consumption genuinely varies with yarn, hook and tension, so buy a little more than the top of the range if your dye lot matters to you.

Gauge, and why it matters here

Work a swatch before you start. The finished size above is computed from the gauge above; if your gauge differs, your finished piece will differ by the same proportion. The stitch counts in this pattern are correct at any gauge -- only the measurements change.

SWATCH ROW GAUGE	13.8 rows = 10 cm in sc
THIS FABRIC	about 9 rows = 10 cm

Those two numbers are both right and they are not the same number. The swatch gauge is measured over plain sc; this pattern is worked in taller stitches as well, so its rows stack up faster. Check your stitches across against the swatch gauge, and check your rows against the measurements in 'Checking your progress' below, which are the fabric's own.

Checking your progress

At these rows the piece should measure roughly this much. If it does not, the difference is gauge, and it is easier to fix now than at row 156.

ROW 1 OF 156	59 stitches across, about 1 cm of fabric made
ROW 39 OF 156	59 stitches across, about 41 cm of fabric made
ROW 78 OF 156	59 stitches across, about 83 cm of fabric made
ROW 117 OF 156	59 stitches across, about 126 cm of fabric made
ROW 156 OF 156	59 stitches across, about 167 cm of fabric made

Substituting the yarn

Gauge decides this, not the name on the band. Any of these can be worked to this fabric: light (also called dk), medium (also called worsted). Swatch and change hook until your gauge matches -- the gauge is what makes the finished size come out.

IF YOU USE LIGHT	about 713 m in total (3-4 x 100g balls); the finished piece will be lighter and more open

Those metres are this pattern's own estimate plus 15%. Buying exactly enough is how a project ends one row short in a dye lot that has gone. Changing fibre as well -- cotton for acrylic, say -- changes how much yarn each stitch takes by an amount that has to be measured on a swatch, not read off a table.

Abbreviations

This pattern is written in US terms. Every abbreviation it uses is below; nothing in the instructions is left to be looked up elsewhere.

cable2x2	2-over-2 cable crossing
ch	chain
dc	double crochet
sc	single crochet

How to read a row

[...] x 4	work everything inside the brackets, in order, four times in a row
(120 sts)	the stitch count that row should end on. Count it: this is the number every later row depends on
st / sts	stitch / stitches
turn	turn the work to start the next row from the other end
Foundation	the starting chain the first row is worked into

Special stitches

These are the stitches in this pattern that are not simply worked into the top of the stitch below. Work one of each before you start the piece.

cable2x2 2-over-2 cable crossing

Four stitches cross. Slip the next 2 stitches onto a cable needle, work a double crochet in each of the following 2 stitches, then work a double crochet in each of the 2 stitches waiting on the cable needle.

Every crossing in this pattern is the same crossing, so hold the cable needle to the same side each time and the cables will run one way up the fabric.

Instructions (US terms)

Finishing

Fasten off and weave in all ends on the wrong side. Thread each end through at least 5 cm of stitches, then back through a few in the opposite direction, so it cannot work loose in wear or washing.

This pattern uses 2 colours, so there is an end to secure at every join and every change.
Colour changes: all 2 changes fall at the same side edge, where the colour not in use is resting, so carry it loosely up that edge rather than cutting it. Ends to weave in: about 4.
Block the finished piece to 47 x 167 cm: pin it out damp to those measurements, easing rather than stretching, and leave it to dry flat. Those are the dimensions this pattern's gauge produces, so blocking to them is what makes the stated size the size you get.
Check the ball band before blocking with heat or water. Fibres behave differently and yours is the one in your hands.

Chart

Full chart: 59 columns by 156 rows, split into 24 tiles. Columns are numbered left to right. Complete each entire row across its tiles: odd rows right to left; even rows left to right. Then advance one row. Do not work a tile as a separate piece. Every border and stitch is included once.

Tile placement index

Rows 1-20: tile 1, columns 1-20; tile 2, columns 21-40; tile 3, columns 41-59
Rows 21-40: tile 4, columns 1-20; tile 5, columns 21-40; tile 6, columns 41-59
Rows 41-60: tile 7, columns 1-20; tile 8, columns 21-40; tile 9, columns 41-59
Rows 61-80: tile 10, columns 1-20; tile 11, columns 21-40; tile 12, columns 41-59
Rows 81-100: tile 13, columns 1-20; tile 14, columns 21-40; tile 15, columns 41-59
Rows 101-120: tile 16, columns 1-20; tile 17, columns 21-40; tile 18, columns 41-59
Rows 121-140: tile 19, columns 1-20; tile 20, columns 21-40; tile 21, columns 41-59
Rows 141-156: tile 22, columns 1-20; tile 23, columns 21-40; tile 24, columns 41-59

Tile 23 of 24: rows 141-156, columns 21-40 (left to right).

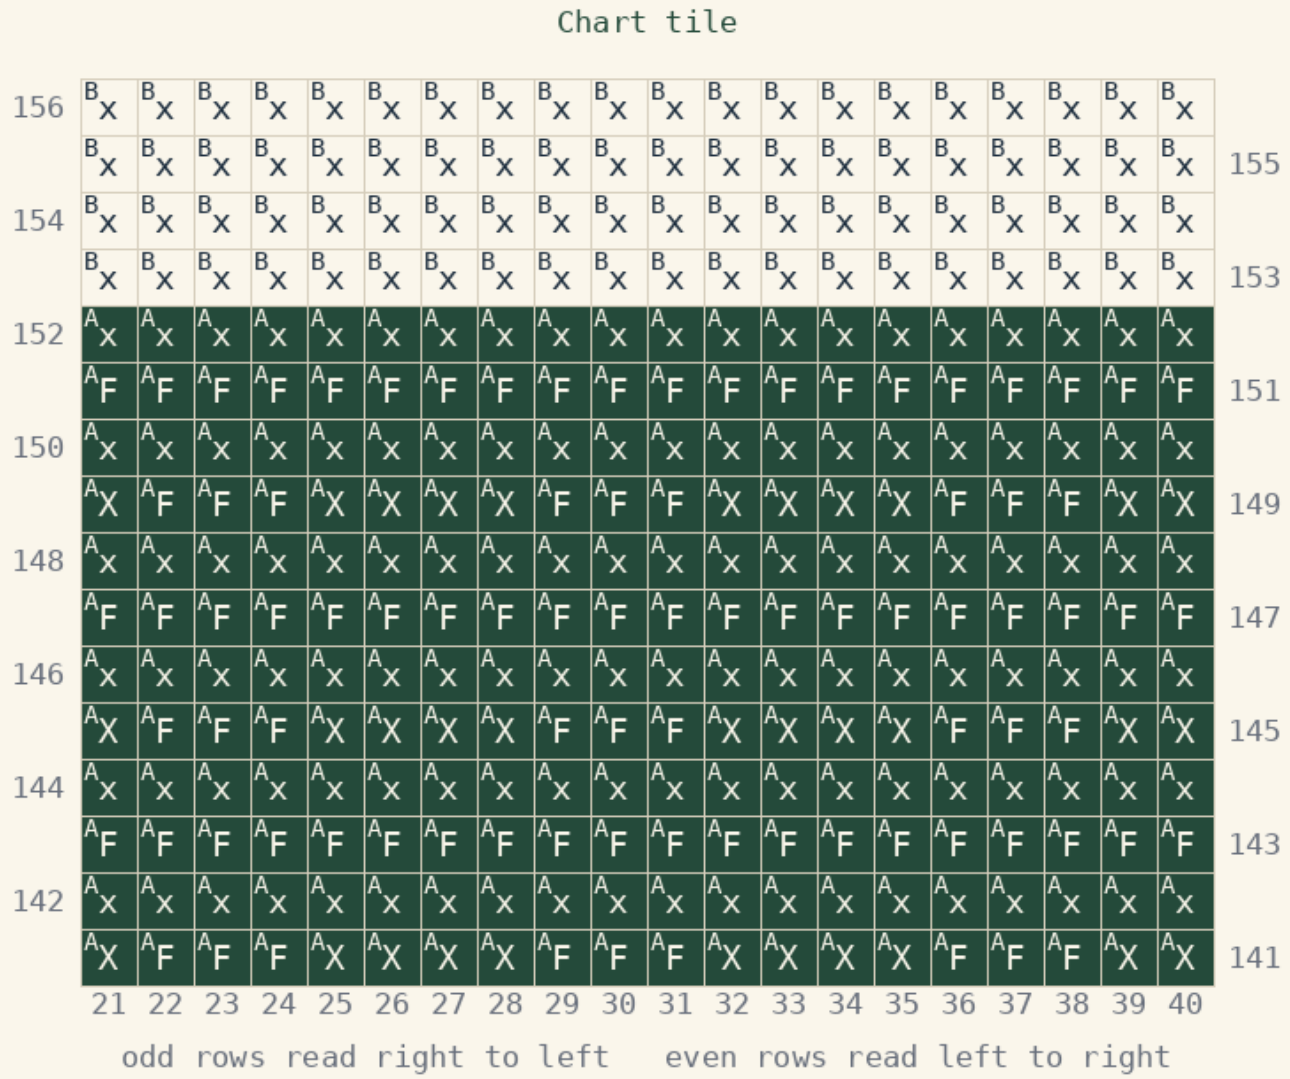

Chart continued

Tile 24 of 24: rows 141-156, columns 41-59 (left to right).

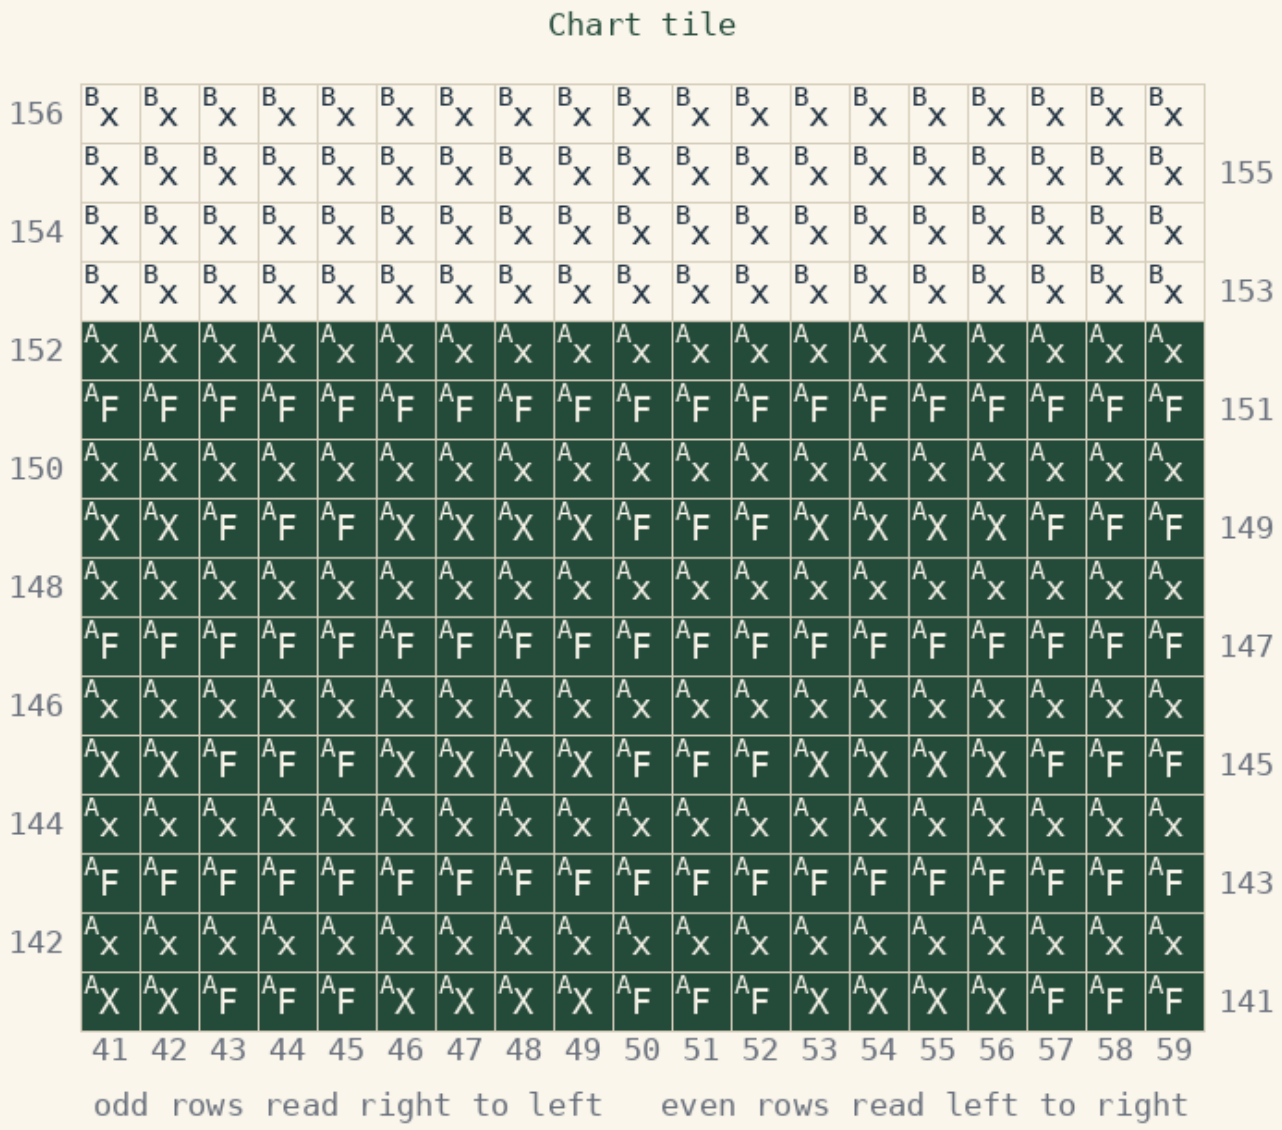

Chart key

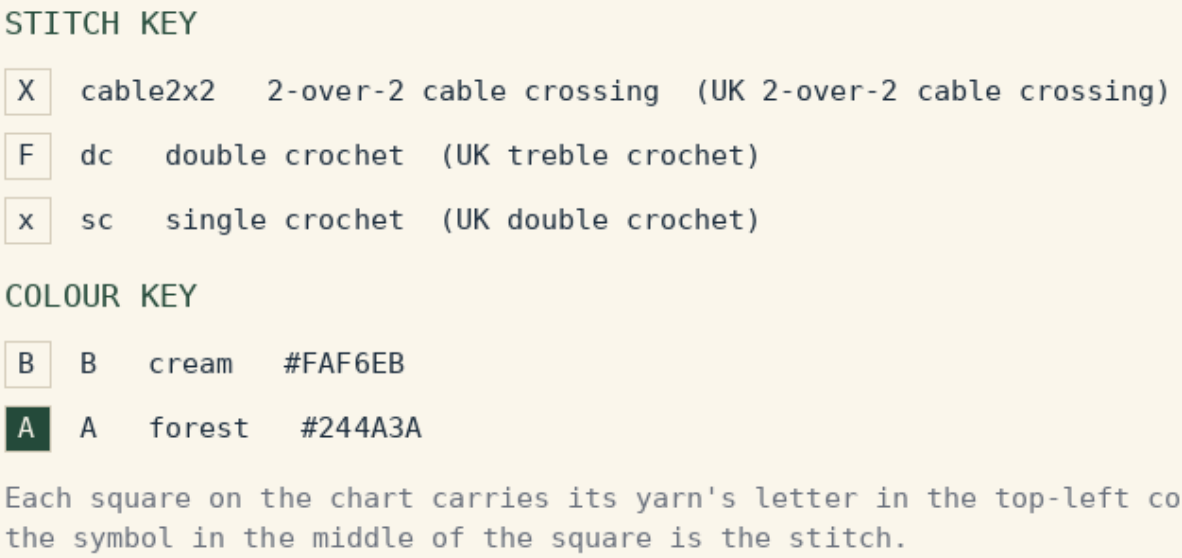

Chart symbols

The symbol in the middle of each square on the chart is its stitch. Every symbol the chart uses is below.

F	dc double crochet
X	cable2x2 2-over-2 cable crossing
x	sc single crochet

The same key is drawn in the image above, and every stitch in it is also defined under Abbreviations, earlier in this document.

Colour key

Each square on the chart carries its yarn's letter in the top-left corner; the symbol in the middle of the square is the stitch.

A	forest #244A3A
B	cream #FAF6EB

Terms and support

What you may do with this pattern

- for the buyer's own use, and to teach from in a class where each participant has their own copy
- finished items may be sold by individual makers and small businesses, not manufactured at scale
- the pattern file, its charts and its images may not be shared, resold, uploaded or included in another publication
- questions are answered through the shop the pattern was bought from, against the exact version that was bought
- corrections are free: a corrected pattern replaces the old file, and anyone who bought an earlier version can ask for the corrected one at any time

These are the terms Brambleloop offers; they have not yet been through legal review.

If anything in this pattern does not add up, tell us through the shop you bought it from and we will fix the pattern itself, not just answer your question. Every report is checked against the compiler that validated this release.

What support covers: the size this pattern states, worked in medium weight yarn at the stated gauge, with the stitches, colour order and construction as written. Outside support: a different yarn weight or gauge, resizing to a size not listed, changing the stitch pattern, the construction or the number of pieces, and adding or removing shaping. We will explain how the pattern works, but we cannot check numbers this release did not validate.
