BRAMBLELOOP STUDIO

Crochet Hexagonal Bread Basket

Crochet pattern - US terms - version 1.2.0

At a glance

FINISHED SIZE	hexagon base 16.0 cm across the points, 13.9 cm across the flats; 8.7 cm tall at the stated gauge (computed, not yet measured on a worked sample)
DIFFICULTY	confident beginner
CONSTRUCTION	joined rounds
GAUGE	12.5 sts x 13.8 rows = 10 cm in sc
HOOK	5 mm
COLOURS	cream, wine
RELEASED	2026-10-07

How this pattern was made: this design was created with AI assistance, and every row's stitch count was checked before release. The charts in this document are drawn from the same pattern as the written instructions, so the two agree.

Materials

CREAM	worsted cotton (worsted), colourway cream
WINE	worsted cotton (worsted), colourway wine
HOOK	5 mm, or whatever hook gets you the gauge below
TAPESTRY NEEDLE	blunt, with an eye big enough for your yarn, for weaving in the ends

How much yarn

CREAM	about 32-48 m (35-53 yd)
WINE	about 10-14 m (10-16 yd)

These quantities are estimates with a +/-20% range, not measurements. Yarn consumption genuinely varies with yarn, hook and tension, so buy a little more than the top of the range if your dye lot matters to you.

Gauge, and why it matters here

Work a swatch before you start. The finished size above is computed from the gauge above; if your gauge differs, your finished piece will differ by the same proportion. The stitch counts in this pattern are correct at any gauge -- only the measurements change.

This piece is worked in the round, and its two gauges do different jobs. Rounds 1 to 10 grow the base outward without adding height, so the 12.5 stitches to 10 cm in sc is what decides how wide the base comes out. The 13.8 rows to 10 cm is the gauge of the 12 straight rounds above it, which is where the height comes from. Check both against 'Checking your progress' below, which gives each round's measurement across and up.

Checking your progress

At these rounds the piece should measure roughly this much. If it does not, the difference is gauge, and it is easier to fix now than at round 22.

ROUND 1 OF 22	6 stitches around, about 2 cm across the points, still flat
ROUND 5 OF 22	30 stitches around, about 8 cm across the points, still flat
ROUND 11 OF 22	60 stitches around, about 16 cm across the points and 1 cm tall
ROUND 16 OF 22	60 stitches around, about 16 cm across the points and 4 cm tall
ROUND 22 OF 22	60 stitches around, about 16 cm across the points and 9 cm tall

Substituting the yarn

Gauge decides this, not the name on the band. Any of these can be worked to this fabric: light (also called dk), medium (also called worsted). Swatch and change hook until your gauge matches -- the gauge is what makes the finished size come out.

IF YOU USE LIGHT	about 60 m in total (1-1 x 100g balls); the finished piece will be lighter and more open

Those metres are this pattern's own estimate plus 15%. Buying exactly enough is how a project ends one row short in a dye lot that has gone. Changing fibre as well -- cotton for acrylic, say -- changes how much yarn each stitch takes by an amount that has to be measured on a swatch, not read off a table.

Abbreviations

This pattern is written in US terms. Every abbreviation it uses is below; nothing in the instructions is left to be looked up elsewhere.

ch	chain
inc	single crochet increase
sc	single crochet
sl st	slip stitch

How to read a row

[...] x 4	work everything inside the brackets, in order, four times in a row
(120 sts)	the stitch count that row should end on. Count it: this is the number every later row depends on
st / sts	stitch / stitches
magic ring	an adjustable loop of yarn worked into and then pulled tight, so the round closes with no hole at the centre
Rnd	round -- worked around the piece rather than in turned rows. How each round is started and finished is stated once, at the top of the instructions

Instructions (US terms)

Crochet Hexagonal Bread Basket
Version 1.2.0

Gauge: 12.5 sts x 13.8 rows = 10cm in sc, 5.0mm hook
Materials: worsted cotton (cream); worsted cotton (wine)
Terminology: US terms

basket

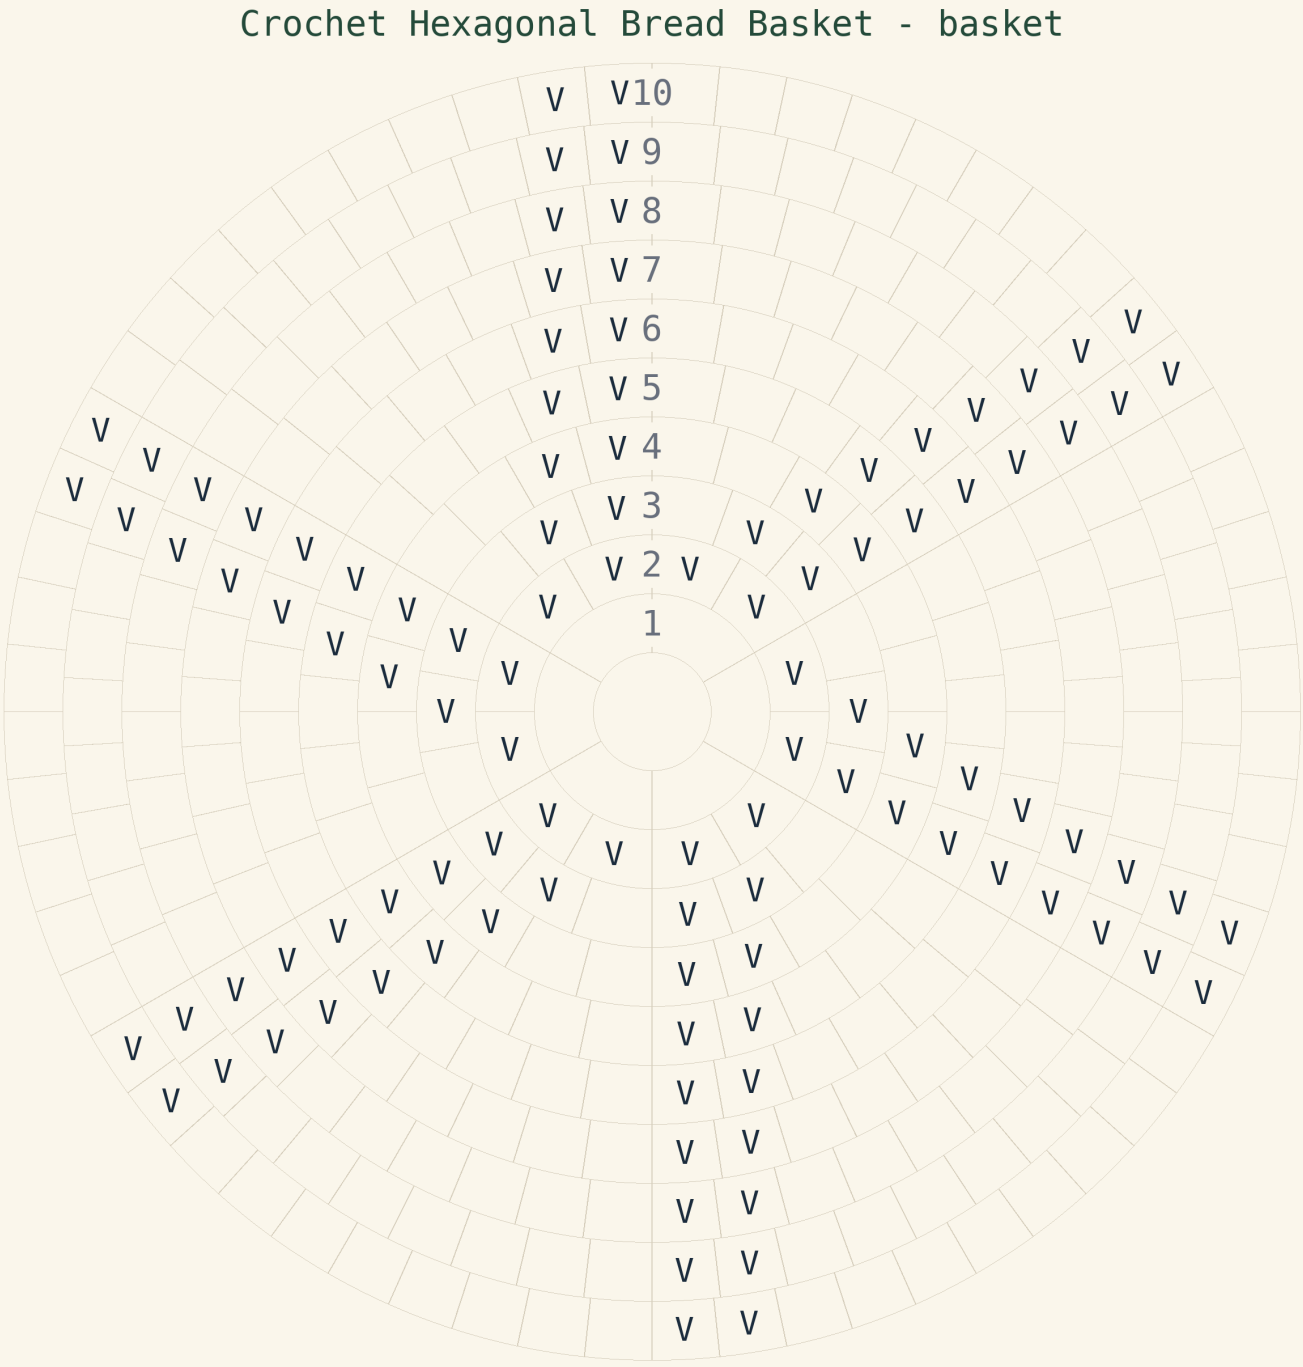

Join each round with a sl st to the first stitch, then ch 1 to begin the next round.
Rnd 1 (cream): 6 sc in magic ring. (6 sts)
Rnd 2 (cream): [inc in next st] x 6. (12 sts)
Rnd 3 (cream): [sc in next st, inc in next st] x 6. (18 sts)
Rnd 4 (cream): [sc in next 2 sts, inc in next st] x 6. (24 sts)
Rnd 5 (cream): [sc in next 3 sts, inc in next st] x 6. (30 sts)
Rnd 6 (cream): [sc in next 4 sts, inc in next st] x 6. (36 sts)
Rnd 7 (cream): [sc in next 5 sts, inc in next st] x 6. (42 sts)
Rnd 8 (cream): [sc in next 6 sts, inc in next st] x 6. (48 sts)
Rnd 9 (cream): [sc in next 7 sts, inc in next st] x 6. (54 sts)
Rnd 10 (cream): [sc in next 8 sts, inc in next st] x 6. (60 sts)
Rnd 11 (cream): sc in next 60 sts. (60 sts)
Rnd 12 (cream): sc in next 60 sts. (60 sts)
Rnd 13 (cream): sc in next 60 sts. (60 sts)
Rnd 14 (cream): sc in next 60 sts. (60 sts)
Rnd 15 (wine): sc in next 60 sts. (60 sts)
Rnd 16 (wine): sc in next 60 sts. (60 sts)
Rnd 17 (cream): sc in next 60 sts. (60 sts)
Rnd 18 (wine): sc in next 60 sts. (60 sts)
Rnd 19 (wine): sc in next 60 sts. (60 sts)
Rnd 20 (cream): sc in next 60 sts. (60 sts)
Rnd 21 (cream): sc in next 60 sts. (60 sts)
Rnd 22 (cream): sc in next 60 sts. (60 sts)

Finishing

Fasten off and weave in all ends on the wrong side. Thread each end through at least 5 cm of stitches, then back through a few in the opposite direction, so it cannot work loose in wear or washing.
This pattern uses 2 colours, so there is an end to secure at every join and every change.
Colour changes: all 4 changes fall at the join, where the colour not in use is resting, so carry it loosely up the inside of the join rather than cutting it. Ends to weave in: about 4.
Do not block this piece flat. It is worked in the round and pressing it out would crease the wall: damp-finish it standing up, easing it to the stated measurements with your hands and letting it dry in its own shape, stuffed lightly with a towel if it needs help standing.
Check the ball band before blocking with heat or water. Fibres behave differently and yours is the one in your hands.

Chart

This piece is worked in the round, so the chart is drawn as rounds: round 1 at the centre, each ring outward one round. Count the wedges in a ring and you get the stitch count in the written line for that round, because both come from the same verified data. It shows rounds 1 to 10, which are the rounds that shape the piece. Rounds 11 to 22 are then worked straight at 60 stitches with no increases. Drawing them would add 12 identical rings and shrink every ring in this chart, so the chart stops at round 10. They are worked in cream except rounds 15-16 and 18-19 in wine, and the written instructions give the colour of every round. V marks an increase.

Round 1 is the centre. Every round is worked in the same direction. V marks an increase.

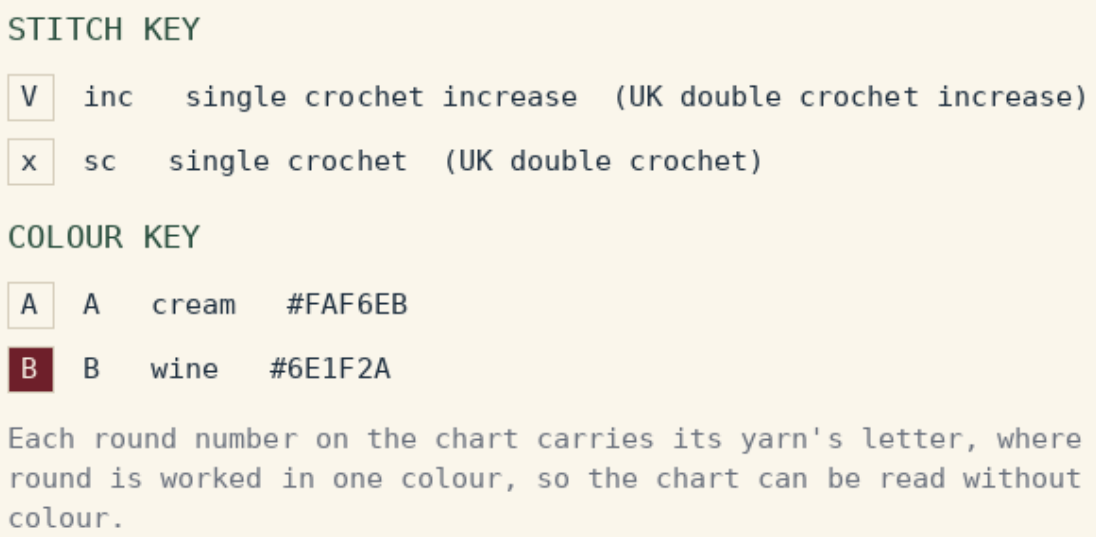

Chart symbols

A round chart marks where the stitch count changes rather than every stitch, so these are the marks it carries. Every other stitch in the round is the plain stitch the written line names.

V	inc single crochet increase

The same key is drawn in the image above, and every stitch in it is also defined under Abbreviations, earlier in this document.

Colours

Every round this chart shows is worked in one colour, so no number on it carries a colour letter. The written instructions name the yarn for every row and round in the pattern.

cream	#FAF6EB
wine	#6E1F2A

Safety notes for a children's item

This pattern is written for a child, which changes what the pattern has to tell you. Each note below says where it comes from, so you can check it rather than take our word for it.

Who this is for

This pattern makes an item intended for children under 3 years, finishing at hexagon base 16.0 cm across the points, 13.9 cm across the flats; 8.7 cm tall at the stated gauge. The age band is stated here rather than left to be read off a photograph, because it is the fact every safety note below depends on, and because the person buying this is usually choosing for one particular child.

Source: CPSC: what is a children's product (definition, CPC, testing, tracking labels) -- https://www.cpsc.gov/Business--Manufacturing/Business-Education/childrens-products

Fibre and washing

This pattern is written for cotton yarn, in 2 colours (cream, wine). For a child's item washability is hygiene rather than convenience: anything kept near a small child can end up within reach of hands and mouths, and is washed more often than an adult's version of the same object, so choose a yarn you can machine wash, and wash the finished item before it is used. What governs your own item is the yarn you actually bought -- follow its ball band for temperature, drying and pressing. We state the fibre this pattern was written for; we do not state a fibre content for your finished item, because the yarn in your hands is what decides that.

Source: none. This is Brambleloop Studio's own practice rather than a published rule.

About these safety notes

None of this is legal advice. It is Brambleloop Studio's conservative reading of public safety guidance -- CPSC, the Code of Federal Regulations, Health Canada, the Toys Regulations and the American Academy of Pediatrics -- compiled on 2026-09-24, with each note's source named above so the reading can be re-checked rather than argued about. Rules change and ours is not the only reading; if you are selling finished items, check what applies where you sell.

Source: none. This is Brambleloop Studio's own practice rather than a published rule.

Not for an unsupervised sleep space

This is for supervised, awake use, and it does not belong in an unsupervised sleep space before 12 months. The American Academy of Pediatrics' 2022 recommendations keep soft objects and loose bedding (blankets, comforters, pillows, soft toys) out of the infant sleep area. Keep this out of the cot, and out of reach of a baby who is in one. We know where a soft crocheted thing in a nursery is most likely to end up, so we say so here rather than leave it to be assumed.

If you sell what you make

What this licence permits is set out in the licence terms; this is about what follows if you do it. Sell a finished children's item and you become its manufacturer. In the United States that is CPSIA: testing by a CPSC-accepted third-party laboratory, a Children's Product Certificate, and a tracking label on the product itself. In Canada it is the Canada Consumer Product Safety Act and, for a toy, the Toys Regulations SOR/2011-17. We are not your lawyer and this is a pointer rather than advice, and we are not entitled to let you assume none of it exists.

Terms and support

What you may do with this pattern

- for the buyer's own use, and to teach from in a class where each participant has their own copy
- finished items may be sold by individual makers and small businesses, not manufactured at scale
- the pattern file, its charts and its images may not be shared, resold, uploaded or included in another publication
- questions are answered through the shop the pattern was bought from, against the exact version that was bought
- corrections are free: a corrected pattern replaces the old file, and anyone who bought an earlier version can ask for the corrected one at any time

These are the terms Brambleloop offers; they have not yet been through legal review.

If anything in this pattern does not add up, tell us through the shop you bought it from and we will fix the pattern itself, not just answer your question. Every report is checked against the compiler that validated this release.

What support covers: the size this pattern states, worked in medium weight yarn at the stated gauge, with the stitches, colour order and construction as written. Outside support: a different yarn weight or gauge, resizing to a size not listed, changing the stitch pattern, the construction or the number of pieces, and adding or removing shaping. We will explain how the pattern works, but we cannot check numbers this release did not validate.
